Marshall —

Because of the number of your students (and Columbia's) who work here and the number of contacts at least on a personal level between our analysts and the scholars at the Harriman Institute and elsewhere at Columbia, I thought you might find the speech I gave on CIA relations with the University at Harvard on February 13th of some interest.

It's been quite a while since we have talked. The next time I am in New York I'd like to give you a call and perhaps pay a visit to the Institute.
